

September 17, 2008

To whom it may concern:

**Ref: MGM Grand Casino-Detroit**

The Kaskel Construction Company Inc (KCCI), would first like to take the opportunity to thank, Ben Mammina, Senior Vice President of Planning and Development for MGM Grand Resorts Development, the person responsible for the project and the promotion of the minority initiative, for the opportunity to be included in building the biggest and the most prestigious land mark project, the MGM Grand Casino and Hotel in Detroit.

In addition, this letter is also to acknowledge and express our sincere appreciation for the opportunity to work side by side with the MGM Grand Casino Minority Initiative Team, and its highly professional and talented staff . This made our work faster, efficient and easier to perform, but by the same token more gratifying and rewarding than any other project we had previously experienced.

KCCI, involvement in the project started February 2007 as a project manger, our responsibility was to provide oversight for the **Agua Bar**, and not long after that two additional projects where added to our portfolio, the **Poker Arcade Bar** and the **Welcome Valet Entrance**. These three projects help us considerable; we were able to add into our cadre of staff, three additional persons.

Furthermore, KCCI was happy to add MGM Grand Casino Detroit, into our gallery of exceptional and prestigious projects, contributing to Kaskel Construction Company Inc, good standing and experience among area construction companies.

Thanks again, for the opportunity to work with you and we look forward to similar opportunity in the very near further.

Sincerely yours,

A handwritten signature in black ink that reads 'Jacob Keli'. The signature is written over a circular stamp or mark.
