To whom it may concern,

It saddens me to here that Ben Mammina is no longer with MGM. Ben Mammina is recognized as a man of great integrity, honor, shrewd but yet fair, also a man with a big heart. Because Ben possesses these qualities, MGM is known in Detroit as the only company that says what they mean and means what they say.

When MGM Grand Detroit was built Ben Mammina made sure that minority companies were given a fair opportunity and not discriminated against.

Before meeting Ben Mammina, my company grossed \$1 to \$2 million dollars a year. The biggest job we had ever done was approximately \$500,000 dollars. Ben gave me a chance and at the end of the MGM Grand Detroit job, Pontiac Drywall Systems had done over \$3 million dollars and grossed over \$6 million for the year. We were also able to increase our line of credit from \$200,000 TO \$500,000. Small companies only hear and dream of opportunities of this nature. I fear without men like Ben Mammina around, these opportunities are destined to become a thing of the past.

I can remember men on the job site using a common phrase "MGM is for real". Everyone here knows that MGM stands for the epitome of quality, integrity and hard work. I must say that Ben Mammina has left and everlasting reputation for MGM Grand and himself. He will be deeply missed.

Sincerely,

  
Pontiac Drywall Systems, Inc.
