

PRODUCTS DIRECT LLC

September 16, 2008

To whom it may concern,

The purpose of this letter is to state that **Products Direct. LLC**, benefited from Ben Mammina, Target Business Participation Program, which was instrumental on the MGM GRAND DETROIT PERMANENT CASINO AND HOTEL COMPLEX PROJECT.

Under the leadership and direction of Ben Mammina, **Products Direct LLC**, as a Detroit Based, Small Business, Minority & Woman Owned Supplier, we were able to be a part of an equal opportunity employment plan, which ensured that at least 30% of the construction contracts and overall work force had an opportunity to participate on a high level multi-million dollar development in Detroit, which was achieved.

Mr. Mammina and his team from the start were on top of their game, providing us with all the resources we needed, through the Outreach meetings, target business certification process, monitoring current certified businesses, weekly certified payroll reports and providing electronic/personal assistance.

As a minority and women business owner, who has been in the construction industry for 30 years, this seamless practice is welcomed and needed through-out this industry. Our company **Products Direct. LLC**. extends our gratitude.

If you have any questions please do not hesitate to contact me on my direct line 313-399-2447.

Sincerely,

Handwritten signature of Adrienne Bennett
